

# House Rules

## 1 GENERAL

- With the purchase of an admission ticket and/or entrance to the bathing facility, the visitor implicitly accepts these house rules and all other rules established for the assurance of operational safety. The house rules are binding for all guests. They serve to ensure safety, order and cleanliness in the facility, thus benefitting all guests. They are intended to ensure that every visitor can enjoy undisturbed bathing. In the case of usage by private groups, the leader shall be partly responsible for compliance with the house rules.
- Usage of the facility is permitted for everyone at their own risk. The signs are to be followed precisely.
- Children under 12 years of age are only permitted when accompanied by an adult. Adults must actively ensure the supervision of the children during their entire stay at the bathing facility. Lifeguards cannot ensure constant supervision of children. When there are several supervising adults, it must be agreed upon who is responsible for the child!

- Children 12 years old and over who are good swimmers can take advantage of the Splash and Spa services without an adult.
- All children under 12 years of age must be accompanied by an adult with good swimming skills.

### Supervision in water - Adults-Children

Entrance is also prohibited for persons with open wounds or skin rashes as well as for persons under the influence of drugs or alcohol. Persons with other illnesses may also be refused access to the bathing facility. The same applies for persons whose behavior could be expected to disrupt the bathing activities.
- We assume no liability for the loss of valuables, money and articles of clothing. We recommend that you store your valuables separately in the safes. We assume no liability for damage and loss to glasses, watches, jewellery, clothing, etc. This particularly applies for the usage of any of the pools and attraction areas. The provision of a locker room does not imply any duty on our part to ensure safekeeping. It is the responsibility of the guest to close the lockers and safes when using them, ensure that they are securely locked and to keep the keys/data carriers in a safe place. We also assume no liability for the return of lost-and-found articles to persons other than their owner.
- The lifeguards are to be notified immediately of damage or accidents.
- Objects found inside the facility are to be turned in at the reception. Those not returning found articles make themselves guilty of theft. Lost property is dealt with in accordance with the legal regulations.

For the replacement cost of a lost bracelet an administration fee of 15 CHF will be charged in addition.
- The bathing time is 4 hours with the individual ticket or until closing time with the day ticket or evening ticket. The redemption of the admission ticket starts with the passing of the control station at the entrance and ends with the passing of the control station at the exit. Unauthorized handling can lead to claims for compensation and to charges of property damage.

## 5 BEHAVIOR IN THE SPA AREA

- Sauna infusions may generally only be managed by the lifeguards. No liability is assumed for improper behavior of the guests. Throwing strong smelling essences or flammable essential oils onto the sauna infusions is strictly prohibited. The personal safety and the lives of other bathers are seriously endangered by violations of this rule because such substances ignite on the oven and lead to sauna fires.
- If booked treatment appointments are not canceled more than 24 hours in advance, we will charge the entire amount in accordance with the price list.
- Please report to the Spa reception on the second floor at least 10 minutes before the start of the treatment.

The ban on entry will first be issued verbally by the lifeguard and then subsequently in writing by the administration.
